MEMORANUM FOR: Chairman, GS-12 Evaluation Board

FROM : Raymond A. Warren

Chief, Latin America Division

SUBJECT : Recommendation for Promotion to

Grade GS-13, Daniel Flores

operations instructor to capitalize on his fine operational record which he developed during his two field assignments in and in and his most recent operational assignment with LA/COG. His overall performance has clearly been characterized by exceptional proficiency and he has been rated by his most recent supervisor as "outstanding" for his handling of a sensitive case and his development and pursuit of operational leads. Mr. Flores has definite growth potential and clearly meets or exceeds the criteria for promotion to Grade GS-13, a promotion which is most strongly recommended.

- 2. During the past year Mr. Flores was responsible for handling a very sensitive and asset. This asset is probably one of the "messiest and disorganized individuals" with whom a case officer in this Agency has had to contend. However, Mr. Flores clearly demonstrated his fine handling abilities in his manipulation and exploitation of this agent. As a result of his guidance and his ability to effectively debrief this person, Mr. Flores was able to make this asset one of our most productive sources. During the last year this source on subject matter which often commanded attention at the highest levels of our government.
- 3. Hr. Flores has shown a remarkable growth potential during the last year. He is determined, persistent, serious, and commendably aggressive. He is mature, self-assured, and his operational decisions are sound. His managerial skills are in keeping with his operational potential. He was often called

upon in the last twelve months to act as Chief of his section, a GS-14 position. He demonstrated sound leadership qualities by stimulating interest and enthusiasm in his staff. His operational programs were aggressive and imaginative. Mr. Flores' supervisory talents combined with his excellent professional skills portend a continuing and successful career in this Agency.

- While assigned to LA/COG, Mr. Flores was involved in the spotting, assessing, developing access to, and eventually pitching a who was the in a Latin American country. The recruitment pitch was not successful but the details of this operation were handled in the most professional manner. Mr. Flores developed more leads to and of during this period than any other LA/COG operations officer. He has native fluency in Spanish and feels "at home" operating in the field. While in LA/COG Mr. Flores was called upon to do a considerable amount of TDY asset anytime, travel since he was on call to meet his any place whenever the agent In addition to these travels, Mr. Flores did a lot of traveling seeking out and debriefing potential access agents. During this last year he clearly demonstrated his ability to function independently and to assume responsibilities usually reserved for officers much more senior in grade and experience.
- 5. Mr. Flores was assigned in July 1976 to OTR on a two-year rotational assignment as an operations instructor. Upon completion of this assignment, Mr. Flores will return to this Division to assume responsibilities, either at Headquarters or in the field, commensurate with his demonstrated operational and managerial talents. In recognition of Mr. Flores' outstanding agent handling skills, his overall professional competency, and his obvious growth potential, it is strongly recommended that Mr. Flores be promoted to Grade GS-13.

MEMORANDUM FOR: Chief, OTR/LTD

FROM

: Walter R. Cox

Chief, ALT Unit

SUBJECT

Completion of Training Report

Trainee: Daniel Flores
Training Program:

1. For your information and for documentation in Daniel Flores' official personnel file, this memorandum certifies that he received the five-day SAI Persuasion Skills course at an NOCB ________in Arlington, Virginia, between 11 and 17 August 1976. The instructor was Mr. George Steitz.

- 2. Briefly, the SAI course is a program in human relations and communications effectiveness on the interpersonal level. It provides the trained with a framework for analyzing problems usually encountered in supervisory or in agent development, recruitment, and handling situations and with a system for presenting his ideas in a way standing the best chance for success in gaining a target individual's willing acceptance. Flores was an active and most interested participant throughout the program and achieved a good understanding of the basic principles involved. A copy of his course critique is attached for your information.
- 3. Since Flores is an ALT Instructor, we plan to dispense with the formality of a post-training questionnaire.

MTR/ALT Staff

Trained: Mr. Daniel Flores Instructor: Mr. Steitz August 1976

To assist us in making decisions about future SAI training or application, your answers to the following questions will be most appreciated.

- 1. Do you feel SAI training was helpful to you? (If you choose to do so, please explain why or how.) This course was extremely useful to re. One of the main features of the course how to percieve the others persons objectives before your cwn was of particular interest because, as an instructor it will be one of the main tools I will use in evaluating the level of understanding of each traines. This experience will also be very helpful to me in my career as a case officer. I can think of several instance where SAI could have helped me turn several failures (recruitment pitches) into successes.
- 2. Did SAI training provide you with any concepts or tools which can be applied in a practical way to your work problems? To your personal life? Any examples you care to mention?

The benefits that this course will provide for me in my job as an instructor are clear. I am absolutely certain that putting the SAI concept into practice will bring forth not only self satisfication but career benefits as well. This will also be very helpful to me in my personal life. I can see now that some of the concepts will be put to work immediately.

- The greatest revelation from an operation point of view, was the clarification of perhaps an erroneous idea we have about obtaining our intelligence objectives. I always operated under the belief that the most important thing in my work was to attain my objectives, i.e. the recruitment of an agent. SAI revealed that this is true but it also revealed that it is more important to first considered the target's (agent's) objectives. Once we do this our chances (in my opinion after taking SAI) wandees would probably increase by at least 90 per cent. If I were to stress one point it would be that more emphasis be placed on dealing with the target's rather than the CO's objectives.
- 4. Would you recommend SAI training for other of our personnel?

 I am sure that kany people would be recommended for this training and that all would benefit for it. However, I would strongly recommend that personnel officers be given SAI at a prerequisite to their these would certainly help them in dealing with large numbers of different people.

5. What other components or categories of personnel do you believe would benefit from SAI training to a degree making it worthwhile for them to receive it?

- 6. Please comment, if you have any definite opinion, on the duration and pace of the training: too long/short? too fast/slow?

 The pace of the course was exellent. However, adding one or two more days would certainly help in putting the SAI concepts into practice by the trainee himself. That is, perhaps a live excercise with a person who is not sware of the training situation. A trainee could be tasked to elicit information from an unwitting participant. The use of videotapes and/or movies would help in testing the trainees perceptiveness through the course.
- 7. Any other comments you may wish to make:

A brief correct about the instructor. He was definitely responsible for the success of the course. Mr. Steitz showed excellent knowledge of the SAI material and throughout the course kept the student's interest alive m by showing tremendous enthusiasm in what he was teaching. The end result of the professionalism that Mr. Steitz demonstrated in the class is reflected in the comments stated here and in the confidence he instilled in re personally.

8. On a scale of 1 to 5, how would you rate SAI training in relation to other training you have received from the Agency? Please encircle applicable number:

MEMORANDUM FOR: Mr. Daniel Flores

THROUGH : Head of CS Career Service

SUBJECT : Notification of Non-eligibility for Designation as a

Participant in the CIA Retirement and Disability System

1. As you may know, we are in the process of reviewing the employment history and current career field of all employees in the Agency to identify those who are eligible for designation as a participant in the new CIA Retirement and Disability System. In this process, the initial review of each case is made by the individual's Career Service. If the Head of his Career Service nominates him for participation in the System, this nomination is reviewed by the CIA Retirement Board which recommends final action to me. However, if the Head of the Career Service advises that the employee does not meet the basic requirements of HR 20-50 for participation, I have accepted this finding without further review by the CIA Retirement Board. This practice has been adopted in the interest of expediting this screening process so that those employees who are eligible to participate in the System may be designated participants as soon as possible.

- 2. In your case, the Head of your Career Service has advised me that you do not meet the requirements of HR 20-50 for designation as a participant and I have accordingly made the formal determination required by the regulation that you are not eligible for designation. This in no way affects your current status under the Civil Service Retirement System, nor does it preclude reconsideration of your eligibility to participate in the CIA System if you should meet the requirements for designation in the future.
- 3. Should you desire further information concerning the requirements for designation as a participant in the CIA Retirement System, I suggest that your read paragraph e of IIR 20-50 and paragraph 5 of the Employee Bulletin dated 30 July 1965, entitled "Public Law 88-643, The Central Intelligence Agency Retirement Act of 1964 for Certain Employees."
- 4. It is always possible that the records upon which the determination made in your case may have been incomplete or inaccurate regarding your actual employment history with the Agency. If, after studying the materials cited above, you have questions regarding the determination that you are not eligible to participate in the CIA Retirement System, please feel free to contact officials of your Career Service. They are familiar with the details of your case and will gladly discuss them with you. In addition, you may wish to discuss your case with the CIA Retirement Staff located in Room 205, Magazine Building (extension 2847). If such discussions do not resolve any questions you have regarding your eligibility, you may request that your case be formally considered by the CIA Retirement Board. However, this request must be made within 30 days of the Gate of this memorandum.

To complete the major portion of his remaining requirements for the bachelor's degree, he is planning to attend the University full-time for a year. Any requirements still outstanding at the end of that period would be completed at night.

The employee has indicated that he would accept such an arrangement. It is accordingly requested that WH/SA be permitted to convert him from a full-time staff employee to one employed on a part-time, regular tour of duty basis. Subject would be utilized for a total of 18 hours per week, the maximum time that his school program will permit him to devote to Agency duties.

MEMORANDUM FOR: Clandestine Services,

Career Services Panel

SUBJECT : Mr. Daniel Flores -

Recommendation for Promotion

1. Mr. Flores has been with the Agency for about eighteen (18) months and has been a member of SAS since June 1963. During the six (6) months he has been with SAS he has demonstrated intelligence and initiative. In addition to his fulfilling his primary responsibility as a translator, he quickly picked up the knowledge and experience necessary for an Intelligence Assistant in the Operations Support Section. His duties and responsibilities accordingly have been broadened. He has demonstrated ability to function independently as a member of the Operations Support Staff. He is cooperative and has maintaned a cheerful disposition under presure and through many late hours and weekends of duty.

2. In view of his excellent performance in SAS, his intelligence and ability, and his growth potential for a career in CIA, I strongly recommend that he be promoted to GS-5 as soon as possible.

JOHN K. KING Chief, SAS/Intel

This insurance is not obligatory. However, if you do not wish coverage, which is automatic, you should sign a Waiver of Life Insurance Coverage form at the time you enter on duty.

You will not receive a pay check for approximately four weeks after your entrance on duty.

If you have any problems, Mrs. Wells will be glad to discuss them with you when you call.

Very truly yours,

CENTRAL INTELLIGENCE AGENCY

WASHINGTON 25, D. C.

Applicant Information Sheet No. 1

To all persons applying for employment with the Central Intelligence Agency:

This paper is the first step in applying for employment or consultant status with the Central Intelligence Agency. No application may proceed beyond this first step if the applicant is not in agreement with the conditions stated below:

General Considerations:

- 1. The National Security Act of 26 July 1947 (Public Law 253, 80th Congress) which created the Central Intelligence Agency places upon the Agency the responsibility:
 - a. "to advise the National Security Council in matters concerning such intelligence activities of the Government departments and agencies as relate to the national security;
 - b. "to make recommendations to the National Security Council for the coordination of such intelligence activities of the departments and agencies of the Government as relate to the national security;
 - c. "to correlate and evaluate intelligence relating to the national security, and provide for the appropriate dissemination of such intelligence within the Government . . . ;
 - d. "to perform, for the benefit of the existing intelligence agencies, such additional services of common concern as the National Security Council determines can be more efficiently accomplished centrally;
 - e. "to perform such other functions and duties related to intelligence affecting the national security as the National Security Council may from time to time direct."

The special character of this national responsibility requires the Agency to maintain correspondingly special employment criteria which may be different from the routine or normal employment standards of other Government departments and agencies which do not have the highly sensitive responsibility borne by the Central Intelligence Agency. It follows that the investigation of applicants prerequisite to their acceptance is a time-consuming process which, in addition to loyalty and security checks, includes evaluation of competence, physical and emotional fitness, and availability of a suitable position at such time as employment may be offered. This is called "clearance" of an applicant.

- 2. Investigation of an applicant may reveal something which prevents his clearance perhaps something of which the applicant is genuinely unaware, perhaps something which only the special employment criteria of the Agency make unacceptable. In any event, adverse findings by the Agency are conclusive and final so far as the Agency is concerned, and no statement of specific reasons is made to the applicant.
- 3. Employment by the Central Intelligence Agency is not a right upon which an applicant can insist. Offer of employment which is subject to full clearance does not constitute a commitment on the Agency's part giving an unsuccessful applicant grounds for any claim against the Agency. Acceptance of employment upon the condition of clearance is at the applicant's risk, taken with the knowledge that a very substantial percentage of applicants are not cleared.

Statement of Understanding and Agreement

I have read, understand, and agree to the foregoing General Considerations. If not accepted for employment by the Central Intelligence Agency, I will make no claim or demand in conflict with those considerations.

I have also seen and read Applicant Information Sheet No. 2.

SIGNED at Washington, D. C., this II day of September, 1961.

(Signature of Applicant)

Daniel Flores

4. SECTION C - NARRATIVE COMMENTS.

SHORTLY BEFURE THE DEPARTURE OF THE FORMER COS, HE SUBMITTED A SPECIAL MEMORANDUM ON SUBJECT'S PERFORMANCE (SOTOR) WHICH CONCENTRATED MOSTLY ON SUBJECT'S RESPONSTBILITIES IN THE CI FIELD. A CUPY OF THIS MEMORANDUM IS AVAILABLE IN SUBJECT'S PERSONNEL FILE. THE UNDERSIGNED FULLY ENDORSES THE LAUDATORY COMMENTS IN THAT MEMORANDUM, BUT SINCE SUBJECT HAS TAKEN ON BROADER RESPONSIBILITIES, IT IS NECESSARY TO COMMENT ON OTHER ASPECTS OF HIS WORK.

FOR THE PAST MONTHS, SUBJECT HAS BEEN DIVIDING HIS TIME AROUT EQUALLY BETWEEN HIS CI RESPONSIBILITIES AND OTHER STATION OBJECTIVES, PRINCIPALLY THE TARGET. SUBJECT WAS GIVEN THESE ADDITIONAL DUTIES BECAUSE THE CI OPERATIONS GROUP IS WELL ORGANIZED AND REQUIRES LESS DIRECT C/O INPUT, AND ALSO BECAUSE OF THE NEED TO DEDICATE ALL AVAILABLE RESOURCES AGAINST THE TARGET. THIS STATION IS OF HITHIN THE DIRECTORATE WHICH MAVE BEEN SELECTED FOR A CONCENTRATED EFFORT AGAINST AND THIS TARGET NOW RANKS NUMBER ONE AMONG THE STATION'S MANY PRIORITY OBJECTIVES. SUBJECT'S PAST EXPERIENCE IN OPERATIONS, HIS ABILITY TO AS A IN THIS COUNTRY. AND HIS OTHER STRENGTHS, WERE THE INGREDIENTS WHICH THE STATION NEEDED TO EXPLOIT IN THIS EFFORT.

SUBJECT HAS TAKEN OVER THE PRINCIPAL STATION OPERATION DIRECTED AGAINST THIS WAS A FAIRLY NEW OPERATION AT THE TIME IT HAS ASSIGNED TO SUBJECT AND IT WILL MATURE UNDER HIS DIRECTION. FUR REASONS OF SENSITIVITY, A MORE DETAILED REVIEW OF SUBJECT'S WORK ON THIS OPERATION CANNOT BE PROVIDED, BUT THE HEIGHD SHOULD NOTE THAT DURING THE PAST THREE MONTHS, HE HAS HANDLED THIS OPERATION IN A THOROUGHLY PROFESSIONAL MANNER WITH STRADY PROGRESS BEING MADE TO FULLY EXPLOIT THE OPERATIONAL AND REPORTING POTENTIAL. ALSO DURING THIS REPORTING PERIOD, SUBJECT RENEMED CONTACT THROUGH MIS OWN EFFORTS WITH A FORMER REPORTING ASSET WHO HAD DRIFTED ANA! FROM COLLABORATION WITH THE ORGANIZATION. SUBJECT IS NOW ATTEMPTING TO BREATH NEW LIFE INTO THIS OPERATION AND BRING IT BACK UNDER CONTROL.

CUNTROL SUBJECT ALSO COOPERATED WITH ANOTHER GOVERNMENT AGENCY IN ATTEMPTING TO RE-ESTABLISH CONTACT WITH A

THIS REPORTING PERIOD HAS AGAIN BEEN ONE OF CONSIDERABLE ACTIVITY ON THE PART OF SUBJECT IN MHICH HE HAS DEMONSTRATED HIS TALENT FOR OPERATIONS AND PARTICULARLY HIS ABILITY TO

DEVELOP AND HANDLE AGENTS. HE HAS DISPLAYED VERSATILITY AND FLEXIBITITY IN PURSUING HIS TARGETS AND IS EVER ALERT FOR VULNERARILITIES WHICH CAN BE EXPLOITED. HE USES GOOD JUDGMENT IN HANDIING HIS CASES AND HIS TRADECRAFT PROCEDURES DURING THIS PFRIOD HAVE BEEN SOUND. IT SHOULD ALSO BE NOTED THAT THE PARTICIDAR CASES WHICH HE IS INVOLVED ARE NOT EASY ONES. THEY REQUIRE HARD WORK, AND THE FULL RANGE OF CASE OFFICER EXPERISE IN ORDER TO PUSH THEM FORWARD. HIS RESPONSIBILITIES IN THE CI FIELD ARE EQUALLY DEMANDING. SUBJECT HAS MADE A VERY PUSITIVE CONTRIBUTION TO THE WORK OF THIS STATION DURING THIS REPORTING PERIOD AND WELL DESERVES A RATING OF STRONG FOR HIS VARIOUR DUTIES AND A STRONG FOR HIS OVERALL PERFORMANCE.

5. COMMENTS BY REVIEWING OFFICER.

I CONCUR WITH THIS EVALUATION AND BELIEVE IT IS MOST COMPREHENSIVE AND OBJECTIVE. HAVING WORKED WITH SUBJECT DURING AN EARLIER PERIOD OF HIS CAREER WHEN HE WAS THEN A GOOD OFFICER (1970-72), I AM STRUCK BY THE REMARKABLE PROGRESS. HE HAS MADE-IN THREE KEY AREAS: OPERATIONAL THINKING AND ANALYSTS, WRITING, AND SOUND, PROFESSIONAL APPLICATION OF BASIC OPERATIONAL PRINCIPLES.

I AM DELIGHTED THIS HIGHLY CAPABLE, AGGRESSIVE OFFICER WILL BE REMAINING A THIRD YEAR AT THIS STATION AND LOOK FORWARD TO A MAJOR CONTRIBUTION FROM HIM IN MOST OPERATIONAL AREAS OF PRESENT PRIORITY CONCERN.RVM 13 NOV 99 DRV D9C.3.

cont.

and to devise a secure and timely method of approach to the individual Cuban.

Mr. Flores is less enthusiastic when it comes to the paperwork and bureaucratic requirements of his position. While he is a good writer, he tends to handle his written tasks in a hurried manner and consequently, his work oftentimes requires review. He is also inclined to take the shorter and easier approach when handling the paper flow requirements. I mention these points not because they represent basic shortcomings, but simply to contrast them to his exceptionally high performance in his operations officer capacity.

In sum, Mr. Flores is an extremely experienced, competent and well motivated operations officer. His talent as a "street operator" with a keen sense for the human target has been amply demonstrated. He has now quite successfully been introduced to his first supervisory position and proven that he is competent for assignments of this nature. I believe Mr. Flores is capable of handling positions of increasing responsibility and should be given the opportunity to do so.

The	first independent t	raining task	given to Mr. Flore	es
was of a			ving as an access	
but this	s task was cancelled	d at the last	minute when the c	on -

cerned Base discovered grounds for field termination of the agent rather than providing tutorial training for the agent in the U.S. Mr. Flores was justifiably irritated at this turn of events which denied him what held promise for being a challenging initial training program.

niques for a

It was with regret that we learned, early into what turned out to be Mr. Flores' only independent training program, that a priority requirement of his home-base Division would necessitate his return to Division duty soonest. The Division agreed to our request that Mr. Flores conclude the training program he had tailored, and begun, and Mr. Flores is to be commended for having done an exceptionally fine job in this assignment. The completion-of-training report was also well organized, and the questionnaire which asks for an evaluative follow-up from the trainee's field Station is to the point.

Early in his assignment Mr. Flores took over the maintenance and improvement of the Unit's operations training slides, consolidated them into an extremely functional package, and solicited ideas from other instructors to improve the package. Much to his credit and the Unit's benefit, Mr. Flores managed to persuade another Agency component to undertake--without charge--a major revamping of some of the slides using computor-designed art work to replace some of the less impressive early work in this field.

His professional, no-nonsense handling has already contributed to highly significant information (a value quotient of 7.0 with one XX report) on some of the Agency's current Cuba priorities including Cuba's negotiating attitude vis-a-vis the U.S.

In his capacity as Desk officer for field stations in Latin
America, Mr. Flores is charged with providing guidance and support
aimed at recruitment operations against He has

. He supervisesintelligence analyst and, together,
they effectively ensure timely response to field requests and help
stations to identify operational opportunities, recruitment targets
andwhere necessarykeep them aware of the priority of the Cuban
target
By his performance, Mr. Flores has demonstrated he is a versatile
case officer with good operational instincts; he is showing increasing
agressiveness and imaginative support of field stations in their
efforts to While he is an excellent agent
handler who gets maximum intelligence production from his assets, he
is less thorough when handling the administrative details involved in
his operations. He needs more supervisory experience, and still tends
to rely excessively on his lAs to search for operational leads and
conduct operational research.
conduct operational research.
Mr. Flores was sponsored by the Division, and attended the mid-
career course in November 1974. He has excellent potential for further
advancement in the Division and has been a significant factor in
LA/COG's success over the last year in developing access to Cuba, a
recognized hard target.

Subject excels as an agent handler motivating his agents and
disciplining them when required to obtain quality intelligence. He
handles of LA/COG's most sensitive and during
this period, he has met these in and in
. He has certainly targetted these agents against priority
objectives and the intelligence produced has been of vital interest to
U.S. Government policymakers in this delicate period of Cuban nego-

the intelligence community for reports acquired through Mr. Flores. Subject's staff duties include desk chief responsibilities for support and guidance to field programs including the research and targetting required to conduct an effective recruitment program. Although such duties requiring supervision are new to him, he is also making progress in this capacity. With proper guidance and assistance, he will develop into a most effective supervisor.

Mr. Flores native fluency in Spanish and his Latin background have proven most valuable to Cuban operations. In fact he represents himself as ________. For an officer his grade, he is very mature, self assured, has good common sense and is certainly a professional. Subject has completed two tours in the field and is an experienced ops officer. He is intelligent, imaginative, uses good tradecraft at all times and has a clear headed approach to the business. He expresses himself well orally and in writing, and works very well with other case officers. Mr. Flores keeps up to date on political, economic and social affairs pertaining to Cuba and he willingly accepts difficult tasks requiring frequent separations from his family.

Subject definitely has potential. He is operationally agressive and is gaining experience as a manager. Mr. Flores is already performing at a higher level than his grade. In approximately a year, he should be again dispatched to the field as a senior officer responsible for handling or targets. During the next reporting period, Mr. Flores should receive training in superivsion. He is a solid performer in the Cuban Operations Group and has contributed much to our successes during the past year.

activities in Latin America, due largely to Mr. Flores' professionalism.

Mr. Flores' current assignment is a combination of operational and Headquarters desk responsibilities, the latter calling for the support of field stations in their efforts to develop individual Cuban recruitment programs. His extended TDYs have understandably prevented Mr. Flores from devoting much time to his desk responsibilities and it is somewhat difficult to judge his performance as a desk officer. He has a good grasp of what needs to be done, and his handling of specific tasks indicates good managerial potential. Nevertheless, he does need additional desk experience, especially in areas which will allow him to use his operational ability to support and guide field stations that are developing Cuban operational programs.

this aspect of his performance was less noteworthy, and it is believed more attention and research could have been given to this activity. Mr. Flores writes concisely and well, and his CI/CE instincts are sharp and true. He can be expected to turn in a solid desk performance in the future.

A comment mu	st be made on Subject's great a	bility to

To exploit Subject's talents to the fullest, and provide him with the professional challenge equal to his ability, he has now been assigned the management and handling of the difficult ______, a top priority for the Station. This is a true measure of our confidence in him.

Amplify or explain tertings given in Section B to provide heat basis for determining future personnel action. There has been little Enalge-3125 Bubblect's performance since the submission of his last report covering the period through 30 September 1970.

MAL ROLLS

The highpoint of his activities during this period, as it has been throughout his tour, has been his management of a sensitive technical operation which has been a consistent producer of unique and high level intelligence. This has been a good performance on Subject's part indicative of his professional capability to conduct clandestine operations.

Subject's writing ability has improved during this period, and there is little doubt that his efforts in this regard are paying off. Further experience should see continued improvement of his writing skills.

As Subject's first tour comes to a close he can look back on a generally strong performance in all phases of his operational activity on behalf of the Base's objectives.

Subject has a clear-headed approach to the collection of intelligence and is realistic in evaluating potential sources. His fluency in the Spanish language has facilitated his movement in the local community and he has developed several potentially useful sources and identified others.

In considering this officer for promotion, two facts should be kept in mind:

- a. He is probably older and certainly more mature than the average officer at his grade level. He is anxious to get ahead and this explains much of his initiative and drive.
- b. The rating officer has rated him very realistically which, in my view, adds to the importance of the outstanding rating given him on Specific Duty No. 2.

the target is good. The project is, however, in need of good human reporting assets and it is expected that as Subject overcomes a weakness mentioned in the next paragraph he will be able to devote more of his time to this important task.

The Subject has encountered some difficulty in the preparation of written material -- dispatches, intelligence reports -- and finds it necessary to spend an extended portion of his time on its preparation. The rater has discussed this with Subject on several occasions, and it is believed that his difficulty is due to a lack of experience, and that in time and with a continuing effort on his part he will develop his writing skills.

The Subject's overall attitude and response towards his professional responsibilities during the first tour have been positive. He is interested in the kind of work he is doing, likes it and is willing to put in the kind of long hours it sometimes demands without complaint.

I skree with the ratings. This has been a good year for Subject, one which has given his a rather unusual opportunity to learn many facets of the work of this organization and one in which he has shown a very satisfactory level of accomplishment. Shortly after his arrivel in he became, for a short time, the Acting Chief of hame, and through that period and the ensuing chan; e in hase Chiefs, he showed a professional maturity we felt to be exceptional for a young differer on his liver tour, he has worked hard and intensely for improvement in the quantity and quality of his operational production, and he has collaborated very effectively with the other officers.

disciplined, effective manner enabling him to maintain a continuity and productivity within the Base operational requirements with security and dispatch.

Socially Subject and his wife are proving to be good mixers and both are gaining in popularity within the local communities. They both have gained the respect and appreciation of the complex not only as compatible personalities, but in her willingness to participate actively in endeavors and his professional cooperative attitude. Their optimistic and positive conduct at official and non-official functions is a credit to the Base.

Subject's native fluency in Spanish and his Latin background is proving to be a definite asset in the performance of his assigned operational tasks and ability to handle agent assets amicably and productively.

He maintains accurate accounting records and is demonstrating responsible acute cost consciousness in the use of funds and properties.

This rater's principal criticism of this employee is his tendency toward impulsiveness and too-quick judgement before weighing all the facts and implications in the pursuit of his operational requirements; however, this weakness is more a function of his inexperience in the field and will be resolved as he gains more field experience.

Subject, although exhibiting resourcefulness and imagination in performing his assigned operational tasks also has a tendency to accept the judgement of other senior grade officers too readily rather than express his own convictions and trust in his own assessment of a situation.

This rater has consoled this Officer regarding these tendencies and he is taking measures to rectify them.

In judging his over all performance, this Rater is of the opinion if he continues to apply himself in handling tasks worthy of a senior grade officer, he should be considered for a promotion to the GS-10 level at the earliest opportunity.

NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective, their relationship to averall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplifu or explain rations given in Section B to provide best basis for determining future personnel action. Namer of performance of immagerial or supervisory duties and cost consciousness in the use of personnel, space, equipment and funds, must be commonted on it applicable. If extra space is needed to complete Section C, attach a separate sheet of paper.

Mr. Flores is a part-time staff employee who works a maximum of 19½ hours per week while attending university full-time. In August 1967 he will obtain his bachelor's degree in political science. He will revert to full-time employment upon finishing his university studies and will be recommended to the Office of Training for admission in the CT class beginning November 1967.

The limitations imposed by part-time employment have prevented us from assigning Mr. Flores to jobs within the branch such as the monitoring of active field cases which require close, daily attention. However, he is qualified for this type of duty. His performance in the duties described above is excellent. He accomplishes his tasks quietly and efficiently with a minimum of guidance from his supervisor. Because he is bi-lingual in Spanish and English he is of great use to the Branch in screening quickly and accurately materials which are of counter-intelligence interest.

Mr. Flores agency work background, coupled with his formal education about to be completed and his own desire to make a career in intelligence make him an extremely valuable employee, one in whom the Agency should not hesitate to invest time and money for the advancement of his career training.

Mr. Flores is a part-time staff employee who works a minimum of nineteen hours per week; he is also a full time college student in his senior year, majoring in political science and specializing in Latin American studies. Subsequent comments should be prefaced by the statement that Mr. Flores' overall performance of his assigned duties would be considerably more efficient if he were able to devote full time to his assignment. On the other hand, Mr. Flores is preparing himself academically for a useful career with the Agency and in the rater's opinion shows promise of becoming a very capable and competent officer.

Mr. Flores is bilingual and has served very efficiently as a translator for the Branch. He has gained very valuable experience as a case officer in the handling of two contract agents of WH/COG/CICS and in doing so has demonstrated tact, sound judgment and a fine ability to handle people. Mr. Flores is very personable, intelligent and makes an excellent appearance. With the completion of his studies he should be able to make the transition from Intelligence Assistant to Junior Case Officer, which the rator heartily recommends.

State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain necking given in Section B to provide best basis for determining future personnel action. Manuer of performance of managerial or secentiary duties and cost consciousness in the use of personnel, space, equipment and funds, must be commented on, if applicable it extra space is needed to complete. Section C, attach a separate sheet of paper.

Mr. Flores is a part-time staff employee she works a maximum of 19g hours per week while attending university full-time. In August 1967 he will obtain his bachelor's degree in relitical science. He will revert to full-time employment upon finishing his university studies and will be recommended to the Office of Training for admission in the CT class beginning November 1967.

The limitations imposed by part-time employment have prevented us from assigning Mr. Flores to jobs within the branch such as the monitoring of active field cases which require close, daily attention. However, he is qualified for this type of duty. His performance in the duties described above is excellent. He accomplishes his tasks quietly and efficiently with a minimum of guidance from his super-visor. Because he is bi-lingual in Spanish and English he is of great use to the Branch in screening quickly and accurately materials which are of counter-intelligence interest.

Mr. Plans agency work background, coupled with his formal education about to be completed and his own desire to make a career in intelligence make him an extremely valuable employee, one in whom the Agency should not hesitate to invest time and money for the advancement of his career training.

State suggestions made for improvement of work performance. Give recommendations for training. Common on foreign language competence, if required for current position. applicable Mr. Flores entered on duty with Special Affairs Staff in June 1963. Due to his proficiency in Spanish he was assigned to translating duties and immediately proved to be an invaluable asset to this office as well as to the Staff as a whole. He worked many late hours and weekends helping to facilitate the flow of translations from this office to the different components within SAS. His performance of these duties can best be characterized as "exceptional" in all degrees.

Mr. Flores expressed a desire to move into a position of greater responsibility and this request was readily granted approximately one month ago. He is currently being trained as an intelligence assistant in Ops Support functions and his performance to date has been excellent. In his new duties Mr. Flores requires very little supervision. This can be attributed in part to his degree of intelligence as well as the background he obtained for his present duties while assigned to his previous job in RID/INDEX. Mr. Flores spent approximately one year in his former job and the knowledge he brought with him realiting to name tracing procedures has enabled him to grasp the duties of his new position quite rapidly.

As a means of furthering his education Mr. Flores is attending American University at night. He has expressed a desire to obtain some agency training and would like very much to be enrolled in the Intelligence Orientation Course as soon as possible.

Mr. Flores entered the agency as a GS-4 in March 1962. It is strongly grecommended that he be promoted at the earliest possible date to a GS-5.

During this reporting period, Mr. Flores continued to conduct himself in the exceptionally proficient manner which was noted in Alle Fitness Report. He is one of two name tracers who specialize in a particular area, a fact which tends to increase the difficulty as well as the responsibility of name tracing. In spite of this burden, Mr. Plores has consistently maintained an above average level of production and an exceptionally high quality in his finished products.

Mr. Flores is a conscientious and highly motivated employee who evidences a sound sense of responsibility. He has frequently voiced a desire to take advantage of any career opportunities ties Agency may offer to him. He is currently enrolled as a full-time student at the American University.

amonable to an extension in ______ for a period of 12 to 10 months depending on the timing of the assignment. If I were to be assigned to a country where an additional language is needed, time for language training should be taken into consideration.

In the event that a position as Chief of Base does not become available within the next year or two, my second choice is to be considered for a War College either for calendar year 1980 or 1981. This would enable me to more fully participate in the Agency's rotational program and would provide me with a higher level of training needed for career mobility in the Agency.

My third choice is to be considered as a candidate for the agency's management program at one of the participating Universities in the United States with the intention of accepting a field assignment immediately after the termination of this training. I am prepared to make all the necessary arrangements toward this end (i.e., applying for admission, etc.) provided a list of Universities is furnished to re.

As noted above, I am willing to remain in ______ through the summer of 1981 if my first choice is approved. In the event that my first choice cannot be granted I would be available to return to the United States in the summer of 1980 to prepare for my second or third choice. Should my second or third choice not be granted, I would prefer to return to the United States for an assignment in Washington.

MEMORANDUM FOR: Secretary, CSCS Panel (Section C)

SUBJECT

Reconmendation for Promotion to Grade

GS-10, Daniel Flores

1. It is recommended that Mr. Daniel Flores be promoted from GS-09 to GS-10.

- 2. Mr. Flores joined the Agency in 1962; initially he was employed on a part-time basis in the Wil Division while attending the American University. He received his AB degree in 1907 and became a full-time staff employee. On the strong recommendation of his supervisors, Mr. Flores was accepted for the Career Training Program which he completed in August 1908. After rejoining the Mi Division, he was selected for assignment as an operations officer at Base where he arrived in May 1969. Mr. Flores is bi-lingual in Spanish.
- 3. Both as a Headquarters and field operations officer Mr. Flores has carried out his assignments with intelligence, enthusiasm and initiative. As the operations, Base officer in charge of [his performance has been of high caliber. In August 1969, during the forced absence of the Chief of Base and other senior officers, Mr. Flores assumed the full responsibilities for running the base for a period of several weeks. He performed the duties of Acting Chief of Base in a superior ranner. In addition to his operational competence, the Chief of Base has observed that Ar. Flores' ability to develop social relations with ease has been a distinct asset for the Base.
- 4. Mr. Flores has already proven to be a competent operations officer. As he further develops through experience and responsibility he should become eligible for rapid advancement. In any case he is already performing at a level far higher than his current grade and a promotion at this time is strongly recommended.

LARRATIVE COMMENTS

Significant strengths and weaknesses and their relationship to overell performance in the Operations Course. This section amplifies and explains. as necessary, the rating letters given above.

Mr. Flores' overall performance in this course was at the high proficient level. He is a very friendly and personable individual who put forth a good deal of effort to do well in the course. Mr. Flores takes a very practical approach to solving problems and his attitude throughout the course was excellent.

Mr. Flores acquired a good understanding of the principles and techniques of Clandestine Services operations, and in problems requiring face-to-face encounters with simulated agents in the live exercises he came through as a very friendly and personable individual. He was particularly effective in debriefing situations and demonstrated flexibility in meeting the problems that arose during the simulated agent meetings.

Mr. Flores demonstrated a good understanding of Claudestine Services programs in Foreign Intelligence, Counterintelligence and Covert Action. His performance was graded strong in handling of a simulated walk-in defector, and in a Counterintelligence case study and a Covert Action case study his understanding and analyses were judged highly proficient. He received a rating of adequate in photography.

Mr. Flores has good writing skills and acquired a thorough understanding of intelligence and operational reporting procedures and formats of the Clandestine Services. His intelligence reports were consistently complete, accurate and clear. His operational reports suffered occasionally from weak organization, and on one occasion he had difficulty distinguishing operational from intelligence information; but his reports were generally complete and accurate and showed a sound : understanding of operational reporting requirements.

Mr. Flores is a personable and intelligent individual who got along very well with his colleagues and with the instructors. With his excellent attitude and strong desire for a career in the Clandestine Services together with his willingness to work hard, Mr. Flores should have little difficulty in developing into an effective case officer as he gets greater experience.
